

A Final Walk-Through Checklist

The final walk-through gives you an opportunity to inspect your new property before closing of the sale. During the walk-through, you as the buyer can determine if the repair work requested in the sales agreement has been completed. You can also confirm that the condition of the property has not deteriorated since last seen or inspected.

Because the walk-through takes place only a few days or even hours before closing, it's easy for excited homebuyers to skip taking another careful look at the property. However, being thorough during these final steps, can save you from unexpected headaches and expense.

Bring this checklist and a copy of your sales agreement to the walk-through to keep you on track. Be sure to discuss any issues you discover with your agent before closing. If you have any question after your final walkthrough please call us (no charge). If you would like us to accompany during your final walkthrough we would gladly do so for a small fee.
